PRICE LIST
WHOLESALE

PRINCETON, N. J.

8-9

March 1, 1937.

TO THE TRADE

Please Note:

This wholesale price list contains only varieties and sizes which we have in quantity and which are most commonly used by the wholesale trade.

Our retail catalogue contains our complete list of material and includes many rare and unusual items not listed in this book. Retail catalogue will be gladly mailed on request.

We specialize in material wanted for Public Works Projects and suggest that you send us complete lists on which we are prepared to quote attractive prices because of our comprehensive inventory and large scale production.

Conditions of Sale

PRICES, ETC.

The prices named in this list cancel all previous lists. They are based on current market conditions and are subject to change without notice. Increases may be made to include any Federal or State taxes levied on sales or any increase in the cost of labor or material caused by Federal or State legislation or regulation.

TERMS AND DISCOUNTS

TERMS: 2 per cent discount for payment in 10 days from date of invoice. Accounts due first of second month following date of invoice. These terms are offered to those with established credit; otherwise cash or satisfactory references are required.

Special Cash Discount
5 per cent for payment
with order

C.O.D. Shipments: In order to insure acceptance, orders for C.O.D. shipment should be accompanied by one-third of the amount of the order.

PRICES ARE F.O.B. KINGSTON, N. J.

Notes in Explanation of Catalogue

The figures following each variety indicate in feet the approximate height of that plant in maturity. Ample allowance has been made for the many physical factors that tend to modify the growth of plants in cultivation.

The botanical and common names are taken from "Standardized Plant Names," which is the accepted authority on plant nomenclature in the horticultural industry.

Our standard of grading all plants is based on a formula which has been adopted by the American Association of Nurserymen.

We recommend that all varieties marked with an asterisk(*) be lifted with a ball of earth and burlapped. Experience has shown that the loss in these plants, which is otherwise high, is reduced to a minimum if handled in this way.

Should any article be desired balled and burlapped, which is not so designated in the catalogue, there will be the following scale of charges:

CARLOADS

We have our own railroad siding and are equipped to load and forward carload lots to all points.

GUARANTEE OF GENUINENESS:

We will send out healthy, thrifty stock, true to name. If any nursery stock proves untrue to description or variety name under which it is sold, we hold ourselves in readiness, on proper proof, to replace free of charge such stock that may prove untrue to description or name, or refund the original amount paid. We shall in no case be liable for any sum greater than the amount originally received for said stock.

CLAIMS

All sales are made with the understanding that we shall not be liable in event of crop loss, or of damage from other causes over which we have no control.

We will gladly correct any errors, but we cannot entertain any claims that are not made within ten days after receipt of the stock or are made after the stock has once been accepted. Claims should be made promptly in writing on receipt of stock.

Plants become your property upon delivery to transportation company and we cannot be responsible for loss, damage, or delay in transit.

All orders booked are based on the distinct understanding that the purchaser agrees to the condition of sales as stated above.

A block of young Junipers showing large scale production of quality evergreens. The spreading types are shown at the right, excelsa stricta is at the left. See pages 27, 28, 29, 30 and 31 for sizes and prices.

NURSERY GROWN OAKS

Our Oaks are straight stemmed with good heads and well defined leaders and have been transplanted several times so that the root systems are of the best. Varieties, sizes and prices are listed on pages 49 and 50.

Thuja pyramidalis—Princeton grown means quality at low cost. Look on pages 60, 61, 62 and 63 for complete listing of Arborvitae

EUONYMUS ALATUS

A beautiful shrub worthy of more attention. Makes a fine specimen and may also be used for screen and hedge planting. These plants are listed on page 22.

Viburnum plicatum. These heavily branched Japanese Snowballs are grown to satisfy both wholesale and retail buyers. Turn to pages 66 and 67 for our large stock of Viburnums.

Look at page 43 for prices of these fine Colorado Spruce. We offer both green and blue varieties.

How to Reach Princeton by Auto or Train

We are located midway between New York and Philadelphia. Both the Lincoln Highway and the new Super-Highway (Route 26) pass our nurseries.

The office of Princeton Nurseries is located on Lake Road in the township of Kingston, New Jersey.

The nearest railroad stations are at Princeton and Princeton Junction, on the main line of the Pennsylvania Railroad. Phone Princeton 1776 or 1777 and we will be glad to come and meet you at either place.

The New York-Washington planes pass over our nursery hourly. When travelling by airplane, watch out for the interesting block arrangement from the air.

We would call your attention to the fact that we have one of the largest nurseries in the country with over 1000 acres of nursery stock. We are growing between 1100-1200 varieties of hardy woody ornamentals.

A cordial invitation is hereby given to visit our nursery at any time.
